Greetings, my name is Juan-Carlos.

Before learning about the patches and the aromatherapy spray, I would struggle with having enough energy to get through the day.

I would find myself having to take One or Two - 15 minute naps per day in order to recharge.

I had little to no energy to do anything that was actually enjoyable.

It was very challenging for everyone in our family because everyone would be affected.

My little ones would wear me out and I often would tell my sons that I did not have enough energy to keep up with them.

I was not able to enjoy quality time with my family due to the lack of energy.

Everything became a hassle to deal with. Everyday tasks became a burden and a chore.

I do my best to eat properly.

Drinking coffee did not help to stimulate any energy production for me.

I would wet my face in order to help me stay up.

On any trip that required more than 2 hours of travel, I would have to resort to drinking some type of energy drink.

I would be in a state of fatigue and tiredness on a daily basis.

I would not even make time to exercise which was taking a toll on my overall health.

Thankfully, I was fortunate enough to meet Pat, Diane, and Carroll who shared what I call the Miracle patches with me.

Because these awesome women are very kind, generous, and thoughtful beings, they invited my family, me, and other people to a patching party/event at a restaurant on June 22, 2023.

These wonderful women informed us that;

- We can wear the patches 12 hours on and 12 hours off.
- It is important to be well hydrated.

- Encouraged us to keep track of our progress via the 1 page Health Tracker.
- **That in order to help Activate, Regenerate, Repair, Rejuvenate, and Renew your body at a cellular level**, it is best to use the patches everyday similar to a daily vitamin.
- These patches are Non-Transdermal meaning that nothing is going to transfer into our bodies.
- Being Consistent is incredibly important.
- There are No Contraindications meaning that the patches do not interfere with any medications or anything else that we may be using.
- NO Chemicals
- NO Drugs
- NO Hormones
- NO Steroids
- NO Stimulants
- NO Side Effects

Various people shared their Remarkable Real Life Experiences with all of us.

As I heard various people share their Remarkable Life Changing stories I was inspired to get a set of patches.

I finally had real hope that these patches can help us experience the wellness we have been missing.

We initially got the patches to help my wife Bianca overcome migraine headaches that would go on for 3 to 4 days non-stop every month. (check out [How You can Get Rid of Headaches or Migraines Fast](#)) at **wearelightgivers.com**

I witnessed how the migraine headaches went away and never came back, due to her consistent use of the patches for everyday wellness.

I began to research more about what else these patches can help our bodies do.

I learned that there are patches and even an aromatherapy spray that we can use to stimulate natural energy production in our body.

The energy patches are based on a 2 patch system, the Tan patch goes on the left side of our body and the White patch goes on the right side of our body.

Turns out that the NAVY Seals actually used these energy patches.

The Patches basically turn excess body fat into energy.

These patches have also been proven to improve our mitochondrial system.

These patches have been and continue to be used by top athletes such as NFL players, swimmers, and tennis players just to name a few.

There is also an aromatherapy spray that we can spray on the inside of our wrist and smell it at least 7 times, which helps to wake us up in the morning and increase our energy.

The aromatherapy spray is also great to use before exercising or while on long road trips.

I have noticed that the spray has helped to improve my performance in every way no matter what the activity is.

You can easily say that the aromatherapy spray is similar to Love potion #9.

Our Love life continues to improve.

Both my wife and I are very satisfied with the results.

My wife and I experience consistent energy without being jittery or bouncing off the walls or any crash.

We are able to take care of daily chores and run errands without feeling tired.

We enjoy quality time with our little ones and have the ability to be very present and in the moment.

We no longer experience being fatigued.

We are able to make time to exercise no matter what time of the day because we have extra energy to work out.

We do not need to drink coffee or any other energy drinks of any kind.

On long trips we use the aromatherapy spray when needed to help keep us up and alert.

We also noticed that our overall mood has improved as well.

We are beyond grateful to these wonderful women who took the time and chance to share this Life Changing Phototherapy with us.

We see the patches and the aromatherapy sprays as tools that allow our body to operate at the most optimal level.

The patches and aromatherapy sprays are part of a Health, Wealth, & Wellness Lifestyle.

If this short real life experience has helped you and you want to learn more we invite you to connect with us and to pay it forward by sharing this useful knowledge with your Loved ones.

We are grateful to be of service.

Stay tuned in with us as we will be sharing more short books about real life experiences we have had and witnessed.

Thank You.
Peace, Love, Light, & Healing

BEFORE & AFTER

THE POWER OF THE PATCH!

HOW THE PATCHES WORK

A simple story of how our Patented Patches work.

When you're in the sun, the light from the sun signals the body to increase Vitamin D production.

Our patented patches don't need the sun because our bodies also emit light which is reflected off the patch and back into our tissue.

The organic crystals in the patch change the wavelength of the light in a process called photo-biomodulation = Light making change in the body.

GHK-Cu Copper Peptide: The Holy Grail of Healing

Dr. Loren Pickart discovered GHK and many of its biological effects with his original thesis is titled: "A TriPeptide From Human Serum" (June 1973)

GHK-Cu Copper Peptide activates Stem Cells for full body repair and regeneration!

GHK-Cu Copper Peptide is proven to **ACTIVATE** your stem cells, **PRODUCE** more stem cells, and **RESET** your stem cells to a younger healthier state.

Why is that important? Stem cells have the unique ability to change into any cell your body needs for repair and regeneration, just like when you were younger.

Our cells are constantly wearing out, forcing our body to work around the clock to make new and healthy cells. Your activated younger stem cells turn those old cells young and healthy again! In fact, within 24 hours, GHK-Cu Copper Peptide resets 4,000 genes to a younger, healthier state.

As we age, we produce less and less stem cells, slowing down our body's ability to repair itself. By age 35 we have lost 50% of our stem cell activity. By age 65 we have lost almost all our stem cell activity. When we activate our body with these younger pluripotent stem cells, they have the unique ability to turn into whatever cell the body needs for repair.

Your new stem cell army is now activated! Even if you don't immediately feel the effects, rest assured your army of stem cells is now hard at work repairing your most critical issues first before moving on to something you do feel.
